

Permission to display photo of students on website

Students at Spring Hill School District may be photographed or in a video from time to time.

Parents can opt out from having their child's name or picture on the website. Parents understand that the district has no control over how the photograph or video clip is used or misused. Parents agree to defend and hold harmless the members of Spring Hill School district, Spring Hill School Board, its officers, employees, agents, successors and assignees from and against any and all claims and liabilities resulting from displaying my student student's photograph or video clip.

Spring Hill School District Media Release

I understand that being a parent/guardian that I can opt out of having my child photographed, filmed or recorded during the school day or at school related activities such as: sporting events, competitions, class presentations, school newspaper, school website, t.v., radio or other publications. Media can be used for class, press releases or to the general public.

Students may have worked published for educational purposes. Students will have their picture in the yearbook unless a parent decides to opt out.
